

## "THE PRINCE CHAP" IS BIJOU FEATURE

People's Noted Love Drama is Presented on Screen by a Clever Cast.

Harold S. Pollard is to write a play for his wife, Chrystal Herne.

"The Prince Chap," Edward People's passionate love drama with a notable cast headed by Marshall Neilan, Bessie Eyton, Mary Charleson and George Fawcett, is the chief attraction at the Bijou today. This production is a master picture in every sense of the word. It is running

"You can only do one thing at a time and do it well," says an old proverb. This is one of the reasons why William Russell has resigned as director of the Mutual star productions in which he is being featured. Hereafter Russell will confine his activities to the acting end of the productions while Edward Sloman will

at the Grand theater, Pittsburgh, all this week to packed houses at advanced prices, but there is no advance in price at the Bijou today.

Miss Billie Burke, who appears on the Bijou screen tomorrow, will be seen in "Her Fighting Spirit," No. 12 of "Gloria's Romance." The printed program says No. 11, but this is an error, that number having been shown last Thursday. An extra high-class feature has been secured as the added attraction for the Bijou's Thursday program. The celebrated Henry E. Dixie will appear in "Father and Son," a five act "star" masterpiece. This production is on the comedy order.

Gypsy Abbott, who formerly starred in Mutual dramas, is now co-starring with Paddy McGuire in Vogue-Mutual comedies.

The feature attraction at the Grand today is a Lasky production entitled "The Dupe" starring Blanche

look after the direction of the features.

One of the notable film offerings of the season is Thomas H. Ince's production of "The Captive God," which is showing on the Triangle program today at the Orpheum theater. It is a story of the ancient Aztecs, spectacularly and wonderfully filmed and enacted with artistic effort in scenes adapted to the period with historic precision. This may be classed as one of Ince's masterpieces, and he no doubt considered it so in the filming as the unusually appropriate and artistic sub-titles indicate. William S. Hart takes the leading male part while Edith Markey plays opposite him.

Funny Ambrose appears in "Madcap Ambrose," a Keystone comedy. Another installment of "Peg o' the Ring," the circuit serial, starring Grace Cunard and Francis Ford, is presented, much to the delight of the children, who have taken more than

MISS BLANCHE SWEET, LASKY-PARAMOUNT STAR.

Sweet supported by Thomas Meighan. The added attraction is the Burton Holmes travels.

Tomorrow, William Farnum will appear in "The Sign of the Cross," and the second episode of the Beatrice Fairfax serial, "The Adventure of a Jealous Wife," will be the added attraction.

ordinary interest in this production. Louise Lovely will appear tomorrow in "The Grasp of Greed," taken from the novel by H. Rider Haggard.

After a number of years' experience both on the legitimate stage and in pictures, Raymond Whitaker has joined the Universal Film Manufacture

## MANY SPEECHES MADE BY HUGHES

turing Company and will work under the direction of Raymond Wells in support of Ruth Stonehouse, and Henry De Vries, in a five-reel feature, "The Saintly Sinner." Whitaker played leads with Blanche Walsh, Nance O'Neil and Grace George for a number of years.

Joe Welch is to revive "The Peddler," by Hal Reid.

"The Great Lover," is to be produced in Australia.

Thomas W. Broadhurst has written a play called "Class."

## OIL AND GAS DEVELOPMENT OF TRI-STATE

Latest Reports of Operations in West Virginia, Pennsylvania and Ohio.

The shallow sand districts are completing the most wells and the average size is very small. Unless there is a decided improvement in the size of the wells now drilling there will be a smaller amount of new production than during the early months of the year. It is not at all probable that the last four months of the current year will be able to more than meet the demand for high grade crude. Reports from the West Virginia fields show that development work is declining. Operators are not ignoring the fact that the crude market has declined thirty cents and are not going to do anything to help it along to a lower level.

In the Burning Springs district, Wirt county, W. Va., the Eight Sands Oil Company completed No. 13 on the Nancy Adwell farm and got a producer so light as to be scarcely worth operating. In the same district, Roberts Bros. completed No. 93 on the Rathbone oil tract and it is not good for more than three barrels a day in the second Cow Run sand.

On Holly Run, Grant district, Ritchie county, Burke Bros. drilled No. 6 on the West Virginia tract through the salt sand. It is a very light pump. In the Freemans Creek district, Lewis county, the Carnegie Natural Gas Company drilled a test on the R. J. Klinehart farm through the Big Injun sand and developed a very good gasser.

Light Pumps in Lincoln County. Light pumps are still the rule in Lincoln county. On Sugar Tree Fork Union district, the Big Creek Development Company completed No. 8 on the Eliza Curries farm and it shows for a six-barrel pump in the Berea grit. On Straight Fork, Duval district, the same company completed No. 8 on the W. I. Wade farm and it shows for a very light pump in the same formation. In the shallow sand territory in Burning Springs district, Wirt county, the Liberty Supply Company's test in the D. E. and L. E. Lewis farm is a very light pump in the Cow Run sand. Patterson Bros. got one of the same kind at No. 21 on the Camden oil tract. The Norwood Oil Company's No. 8 on the Lenora S. Rex farm is a duster. Patterson Bros. & M. S. Hale are drilling in the sand at a test on the J. C. Hale farm. In the same locality, W. F. Hickman is due in the sand at a test on the Frank Badger farm. H. G. Gillespie has a string of tools stuck in his test on the Charles Donovan tract and is skidding the rig.

On the north fork of Fishing Creek, Grant district, Wetzel county, the Carnegie Natural Gas Company drilled No. 6 on the Wilson Noy farm through the Gordon sand and it is a light gasser. In the same district and on the same stream, the Hope Natural Gas Company drilled a second test on the J. W. Snyder farm through the fourth sand and it is a small gasser.

Drilling Tests. On Laurel creek, Union district, Wood county, the Laurel Creek Oil Company is drilling a test on the J. H. Wharton farm. On Sharp's run and Cow creek, Jefferson district, Pleasants county, the Hope Natural Gas Company has made locations on the M.

Nominee Speaks from Platform in California Despite a Throat Weakness.

FRESNO, Calif., Aug. 23.—At the turn of his trans-continental trip, Charles E. Hughes speeded north Tuesday from Los Angeles to Sacramento with fourteen scheduled stops for brief speeches in the San Joaquin valley. He made a 10-minute talk here. The other addresses were two and three-minute affairs from the rear platform of his train.

On his way through the valley the nominee talked chiefly of his conviction that the country needs a protective tariff to enable American enterprises to meet the competition of Europe when peace comes. Before reaching Fresno he had spoken to station crowds at Porterville, Lindsay, Exeter, Visalia, Kingsburg and Selma. His program, after leaving here called for addresses at Madera, Merced, Turlock, Modesto, Lathrop, Stockton and Lodi. Tonight he will speak at Sacramento.

Mr. Hughes nursed his throat during the day making his speeches as brief as possible.

At Lindsey Mr. Hughes said: As I go through this wonderful country and see not only what possibilities it has but the actual benefit being conferred upon our people by its proper development, it seems incomprehensible to me that any one could contemplate a policy that will cripple our prosperity. I am for maintaining American standards of living, maintaining our wage scale and I believe in fairly and honestly applying the Republican doctrine of protection and in that way upbuilding and maintaining American prosperity.

To an audience at Visalia, the nominee outlined what he considers the chief issues of the campaign as follows:

The maintenance of the national honor, that the American name may be respected throughout the world, the maintenance of the rights of American citizens that those rights may be enforced here and abroad; the maintenance of the rights of American labor and American industry in order that we may compete with other nations, particularly in the strenuous competition which we will have after the close of the war.

At Kingsburg and Selma, where the nominee's voice clearly showed the strain of frequent use, Mr. Hughes spoke but a few words, pleading that his voice was "tired."

R. Haworth and John Ferguson farms.

In the same district the same company has made locations on the M. F. Parker and Mary E. Westfall farms.

Southeastern Ohio.

The deep sand territory in southeastern Ohio is furnishing some light producers. In Rush Creek township, Fairfield county, the Flaggdale Oil and Gas Company's No. 12 on the Grafels heirs' farm is through the Clinton sand and showing for a fifteen or twenty barrel pump. In the Junction City district, Jackson township, Perry county, the Carter Oil Company has completed and shot No. 3 on the J. I. Burroughs farm. It produced forty-four barrels the ensuing twenty-four hours.

Murphy, Murrin and Company's No. 2 on the P. J. Smith farm is down to forty-seven barrels.

In the old Gore district, Green township, Hocking county, the Preston Oil Company completed a test on the A. Whorton farm. There were thirty-two feet of Clinton sand in this well and it is showing for a light pump. The location is in the northwest quarter of section 13.

In the shallow sand territory, Independence township, Washington county, Thornhill and Company's No. 3 on the Deucher-Bliss farm is increasing its production. The last twenty-four hours' gauge showed ninety-five barrels. In Cross Creek township, Jefferson county, the Exchange National Bank completed a test on the Dodd heirs' farm and scored a duster in the Berea grit. In Green township, Harrison county, the Harrison Development Company completed a test on the Edward Clifford farm and had the same kind of luck.

Southwest Pennsylvania. East of the Dorseyville field in Indiana township, Allegheny county, the Wilkinsburg Oil Company drilled a test on the Margaret Quinett farm through the Fifth sand. It will not begood for more than three barrels.

In the same development, the Crescent Oil Company is fifteen feet in the sand at No. 2 on the Samuel Gogner farm and fishing out a bit. A. B. McGraw is drilling near the top of the sand at No. 4 on the Peter Kuhlber farm.

South West Pipe Line Dividend. The South West Pennsylvania Pipe Line Company has declared the regular quarterly dividend of \$3 a share, payable October 2 to stockholders of record September 16.
